

# THRIVES ~~SURVIVES~~ IN THE HARSHEST ENVIRONMENTS

QUADRANT

## MATERIALS DESIGNED TO IMPROVE OUR WORLD & PROTECT OUR ENVIRONMENT

Quadrant develops the materials of choice for design engineers where performance and reliability is required in extreme and hostile environments. Advanced properties of chemical and abrasion resistance combined with HPLT/ HPHT ratings and superior strength make the Quadrant family of materials the ideal choice for structural parts, bushings, bearings, seals and back up rings.
